

# Newgate Care

Total care for your car in one Simple Package

## What's most important to you when choosing a car?

If the answer includes reliability, comfort, safety or value, then isn't it important to ensure that your car retains those features after you've driven out of the dealership?

Newgate Care brings all of these benefits together in one fixed cost maintenance package.

## Features and Benefits of Newgate Care

Not all car owners are aware of the implications of having their car serviced by a non-professional service provider. The implications can often prove costly, both in monetary terms and also in the safety and poor performance of your car. Your car may also be devalued in the absence of a credible service history.

**Ensure Safer Driving;** Proper maintenance by Newgates' Highly Specialised Technicians, using the most up to date diagnostic equipment will improve your car's reliability and lifespan, bringing you safer driving AND peace of mind.

**Save Money;** Our plan offers you many cost saving benefits:

- Advanced Purchase Discount
- Fixed Cost Maintenance
- Protection Against VAT and Price Increases
- Increased Trade-In Value

**Fixed Cost Maintenance;** Newgate Care protects you against any future price or indeed VAT increases. As payment is made up front, you can also account for all of your servicing needs in advance.

**Protect your Warranty;** Your vehicle's warranty may be void in the absence of a proper service history.

**Increase Resale Value;** A record of proper maintenance by a professional service provider will benefit the resale value of your car.

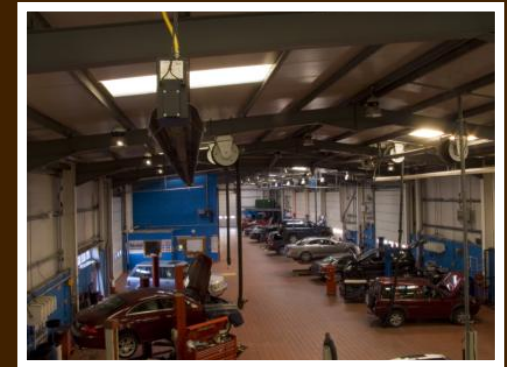

**Fully Transferable;** Should you sell or trade in your car to Newgate Motor Company before the end of the Newgate Care term, the remaining benefit is fully transferable to your new car.

If it's the case that you sell or trade in your car elsewhere before the end of the Newgate Care term, the remaining benefit will stay with the car.

(Features and Benefits continued...)

**Be a Friend to our Environment;** Regular proper maintenance of your car ensures better fuel consumption, which in turn is kinder to our environment and your wallet.

## Questions you need to ask your Service Provider:

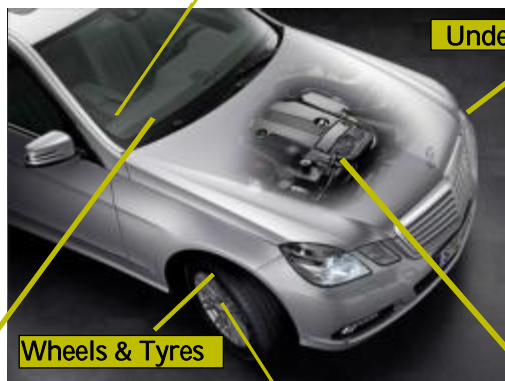

- Do they use spurious parts for your car?
- Are they a member of SIMI?
- Are they environmentally compliant?
- Do they only use the recommended oil for your car?
- Can they provide a credible service history?

Newgate Care
