

Newgate Care

Total care for your car in one Simple Package

What's most important to you when choosing a car?

If the answer includes reliability, comfort, safety or value, then isn't it important to ensure that your car retains those features after you've driven out of the dealership?

Newgate Care brings all of these benefits together in one fixed cost maintenance package.

Pay for your servicing in advance and save up to 22% compared to the normal retail price.

Features and Benefits of Newgate Care

Not all car owners are aware of the implications of getting their car serviced outside of an Authorised Mazda Service Provider. The implications can often be costly, both in monetary terms and also in the safety and proper running of your car. More information is outlined below.

Ensure Safer Driving; Proper maintenance by Mazda Qualified Technicians, using the most up to date diagnostic equipment will improve your cars' reliability and lifespan, bringing you safer driving AND peace of mind.

Save Money; Overleaf you will find the normal costs of servicing your Mazda over 3 years. You will also see the Newgate Care price which offers you savings of up to €258. Newgate Care could allow you to avail of a 3 year service for the price of 2 years.

We guarantee that only Mazda Approved parts, and recommended oils, will be used when servicing your car.

Fixed Cost Maintenance; Newgate Care protects you against any future price or indeed VAT increases. As payment is made up front, you can also account for all of your servicing needs in advance.

Protect your Warranty; Your vehicle's warranty may be void in the absence of a proper service history. The same can be said in cases where parts approved by Mazda are not used.

(Features and Benefits continued...)

Increase Resale Value; A record of proper maintenance by an Authorised Mazda Service Provider will benefit the resale value of your car.

Fully Transferable; Should you sell or trade in your car to Newgate Motor Company before the end of the Newgate Care term, the remaining benefit is fully transferable to your new car.

If it's the case that you sell or trade in your car elsewhere before the end of the Newgate Care term, remaining benefit will stay with the car, e.g. if you take the 3 year option and sell or trade in your car (other than at Newgate Motor Company) after say 2 years, the new owner can avail of the package until the end of the term.

Be a Friend to our Environment; Regular proper maintenance of your car ensures better fuel consumption, which in turn is kinder to our environment and your wallet.

Mazda European Assistance; Your Mazda is entitled to the benefits of Mazda European Assistance which is available 24 hours a day every day of the year.

Just some of the benefits include; Home Assistance for Breakdowns, Roadside Assistance, Recovery Assistance and European Breakdown Assistance.
